

Every day, employees face critical moments in navigating their jobs.

Companies need to be able to support employees in these make-or-break moments to build culture and drive success.

Our platform

Bravely connects your people to **on-demand confidential coaching** in the **moments that matter** across the employee experience, making it possible for companies to **foster a culture that attracts and retains talent**.

Access to Bravely's network of **vetted professional coaches** fosters **employee well-being and development** to supercharge performance and **help people thrive**.

When leading organizations offer Bravely to **everyone**, they **scale the support** offered by their People teams and managers, and **transform their cultures** in an evolving world of work.

What we do

Pros

Our Pros are **seasoned HR business partners** and **certified coaches**. Rigorously vetted and continually evaluated, Pros form a diverse network of support for your employees.

Methodology

Each session gives an employee what they need to unlock their own potential. Pros leverage Bravely's **Momentum Method** to help employees develop critical skills, shift their perspectives, and form a **game plan** with **accountability** in mind.

Insights

We report back to your team with **actionable insights** drawn from your company's aggregate usage data. Keep your fingers on your organization's pulse with reports on **the trends you care about most** as a People leader—all while maintaining individual confidentiality.

Why our approach works

Just-in-time learning and support

Confidential and unbiased outlet

Context-specific approach to every organization

Transforming company cultures by unlocking individual potential

82.5% of employees say they've gained a new skill or strategy in their very first session.

90.1% of employees say they're more likely to address their situation proactively—and more prepared to do so—after a Bravely session.

91.6% of employees with two or more completed sessions report a more positive outlook on their future at their company.

Progressive People leaders know Bravely makes companies stronger.

"As Pinterest grows and adapts to new challenges, our team's appetite for individualized support and development has never been stronger. **Bravely has helped scale the support provided by our People team**, and our colleagues are already telling us that access to their own coach when they need it most is **unleashing new skills, confidence, and drive**.
